**Ways to show our love**

We all hear the word 'love', but do you know the definition of 'love'? Love is an action, it is clear enough to be seen or hard to be noticed if you don't pay any attention to it. If you pay attention to 'love', you can find love can be everywhere. You care for others, you remind others for something that they forgot or you go to church, in these situations or circumstances you can find love, so I say, love can be everywhere. And besides that, we can show our love to others so others can have a feeling that they are loveable or being loved. In many ways we can show our love, let's find out!

First, in respect of showing love to others, we don't have to do a lot of things. We can show our love in a very easy way with only a small action. For example, if your friend broke up with his or boyfriend or girlfriend, you can comfort him or her to make them feel better. Although you can't calm them down at first, you've already show them your love. So don't worry about failing, just do it!

Second, to love our school, we should keep our school's environment clean and tidy and avoid breaking things. For example, throw the litter into the dumpster, don't leave it on the table of the tuck shop or on the bench. In addition, avoid vandalizing school's facilities. These actions can help us to show our love to the school.

At last, there are various ways to show our love to society. For example, to participate in non-profit organizations flag-selling day or the selling of raffle tickets. In addition, charity work could help the organizations raise money for the poor or the disabled. This is also a way to lend a helping hand to them.

So these are the ways to show your love to the surroundings. I hope they could help you spread love around the society and let more people know love is very near them, it is everywhere, keep noticing that!
