

Good morning, Mr.Kung, Mr.Tse, Ms.Choy, teachers and fellow schoolmates,

I am Cheng Kam Fung from S.5C. This morning, I would like to share with you my experience of studying in Ng Wah.

I have been studying here for 6 years. I enjoy the school life very much because I have a lot of good friends here. We always help each other. We also share our feelings and stories. Although we sometimes argue, we are still very good friends. I also enjoy the school life because I can play some ball games with my classmates. We did not win many games, but the time we stayed together was the happiest in my life.

I am not a very hardworking student, so my academic result is not satisfactory. However, I strongly believe that everyone needs to work hard if they want to be successful. I will never give up.

At this moment, on behalf of S.5C, I would like to thank our form teachers. They are Ms. Kwan and Mr. Liu. Ms. Kwan, although we are very naughty and talkative and always cause a lot of troubles, we would like to thank you once again for your patience and helpful guidance. I believe we will never forget you. Mr. Liu, as you have been here for only two years, we still wish to express our heartfelt thanks to you for your dedication and love to our class.

Now, mock examinations for S.5 and 7 are coming very soon. I would like to take this opportunity to encourage all S.5 & 7 schoolmates to try your very best to prepare well for the public examinations. S.5 schoolmates, I really wish to see you all in the next academic year in the S.6 classrooms.

That is all for my sharing. Thank you very much.
