

Wan Tsun Man 1E (35)

Good Morning Principal, teachers and fellow schoolmates

Today I am going to talk about playing computer games. In Hong Kong, many students like playing computer games, such as Run Online and Heart Project. I think computer games are not good for us at all. We become obsessed, and do not have enough time for study. If we will play computer games all day and our results will be bad. Although playing computer games is not good for us, you can still play if you can control yourself and not play too much. Remember to look at something green like trees because they are good for our eyes. This is the end of my sharing. Thank you for your listening.
