Good morning Principal, Vice-principals, teachers and fellow schoolmates. Today I would like to share with you playing volleyball. I first came into contact with volleyball when I was in Primary 5. At that time, I didn't know how to play volleyball. However, I like volleyball very much now.

I have been a member of the school team since Form 1. I also made a lot of friends in the team. In fact, my team-mates and I all have the same dream. That is, we can play volleyball very well. Therefore, we are always involved in tough training in order to improve our skills. Although my fingers, hands, arms, legs as well as the whole body often get hurt during the training, I still think that it is worthwhile. I believe "Practice makes Perfect".

I hope I can be the school team member until I graduate. I promise to do my best in all competitions and win more awards for Ng Wah in the future.

This is the end of my sharing. Thank you!
