16th January, 2009

My name is Ng Ka Fai. I am twelve years old. I have three family members, mother, father and one sister. I live in Diamond Hill. I like eating noodles because it is very delicious. After school, I sometimes play basketball and I also like reading books about animals. I think animals are very interesting. On Saturday morning, I have piano lessons. In the afternoon, I join the Boys Scout in my school. Sometimes, I go hiking with the Scouts. It is exciting but I sometimes feel scared.
