

FAN TSZ HIN MATHIAS (1E-15)

To all schoolmates,

In the Chinese New Year Holiday, my family went to the New Year Fair. There were many stalls and also was very crowded, so we needed to use much time to walk through the Fair. There were not only flowers, but also many toys, so we brought many things there. On the way, I saw the stall of my school which was selling but I had brought too much thing already, so I didn't buy any thing there.

After we finished walking through the Fair, we saw some stalls selling food, so I brought some fish balls to eat. Finally, we went home. We had an enjoyable evening.
