

Drug Testing Scheme

Good morning Principal, Vice-Principals, teachers and fellow schoolmates.

Today I would like to share with you the topic of drug testing scheme.

As you know, drug testing scheme will be launched in Tai Po District. This scheme may help to find out the students who have taken drugs. However, I think the government should respect schools' choices. It should evaluate some time later how various plans have worked out and then pick up the best to try out.

The school, a place to nurture students, is the best place to understand their needs. So if the drug testing scheme is launched in other districts, it should allow the school to choose whether they join the scheme or not.
