

Drug Testing

Good Morning Principal, Vice-Principals, Teachers and Fellow schoolmates.

Today I would like to talk about drug testing. The drug problem has become more and more serious nowadays. In order to protect our next generation, it is necessary to take all possible measures to control the spreading of drugs in all the schools of Hong Kong. Do you agree?

So, it is our duty, as a student, to protect ourselves and also the society. That means we should support the drug testing scheme. The scheme will help to test who have taken drugs. Of course, the procedure of such testing depends on the consensus of government, parents and related stake-holders of education.

Finally, all my schoolmates, remember "No drugs, No regrets, Not now, Not ever". Thank you.
