

How to Improve Our English Standard

Good morning Principal, Vice-Principals, Teachers and fellow schoolmates.

Today I am very glad to share with you about ways to improve our English standard. First, we should make good use of all the school resources. Listening carefully during your English lessons and finishing all English homework punctually are a must. In addition, we should read English newspaper every day. I am very happy to have a very nice and tough English teacher these few years. Although he gives us a lot of assignments such as TV news reflections, listening exercises and practical skills, I know all these are good for us.

Furthermore, we should watch TV news every night and read English fiction always. I know that many of you do not have a very good proficiency in English, but, do not worry. Through more practice in listening, writing and speaking English, I believe your English will improve sooner or later. Every Saturday, all S5 and S7 students have to come back for English examination papers practice. A lot of schoolmates complain that it spoils their holiday. However, I have a totally different attitude towards this. Only by practice can we achieve better A-level UE results and not waste our time and teachers' efforts. That's the end of my sharing. Thank you!
