

The Police in Mainland China

Good morning Principal, Vice-Principals, teachers and schoolmates.

As we all know, three journalists were hit by police in Mainland China. It leads to many discussion in the society. I would like to take this opportunity to share my feeling about this issue with you. I believe that the duty of a journalist is telling the truth to the public. So I see nothing wrong whether they take photo or videos. It is a reporter's freedom. So I think the central authority should investigate who did it and urge them to apologize to those journalists. Otherwise, it will certainly become a laughing stock in international news.

This is the end of my sharing. Thank you.
