

How To Prepare For The Examinations

Good morning Principal, Vice-principals, teachers & fellow schoolmates.

Today, I would like to talk about how to be well prepared for the examinations. The First Term Examination is coming next week. I think most students would be very nervous. Therefore, I will teach you some effective ways to prepare for the examination. First, we must not spend too much time on playing computer games before the examination.

Second, we should stay at home & do our revision every day. We ought to study hard. Third, we should have enough practice & do more exercises before the examination. Fourth, if you find any difficulties or problems, ask the teachers for help.

Finally, I wish you all good luck, good health & every success in the coming examination.

Thank you.
