

How To Improve Your English

Good morning Principal, Vice-principals, teachers and fellow schoolmates,

Today, I want to talk about how to improve our English. I think learning English is not all about studying in the books. We can learn English from watching movies, listening to music, reading comics or playing games.

Do you know who Lady Ga Ga, Lenka & Mika are? They are popular singers. I can learn many words & their pronunciation through listening to their songs. Also, you can watch movies. When you are watching movies, you can note down the words. Then, use the dictionary to find out what the words mean. It is quite interesting.

Another way to learn English is reading novels or comics. I think reading them is fun as I can learn some basic English. Finally, you can also learn English through playing online games or TV games. However, be careful not to be addicted to them. There are many ways to learn English. If you have the heart to learn, you will succeed.

This is the end of my sharing. Thank you.
