

My Experience of Learning English

Good morning, Principal, Vice-Principals, teachers and fellow schoolmates.

Today, I would like to share with you all my experience of learning English during the holidays. As you know, Easter holiday is coming. What should you do during the holiday in order to improve your English at home, even without the motivation from your English teachers?

First, you can log on to the website of bbc.com every day. With my experience, you can listen to different kinds of stories including detective stories and love stories. You can also go to tvb.com to listen to the daily news report. If I were you, I would spend at least three hours listening to them every day to develop my English proficiency.

During the long holiday, you can borrow the storybooks from the public library. If you want to improve your English, you have to read or listen to something that interests you. The most important thing is that you enjoy learning English and having fun. So, please remember my suggestions and try to practice your English during the coming holidays. Thank you.
