

Library in Ng Wah

Good morning, Principal, Vice-principals, teachers and fellow schoolmates.

Today I would like to share with you the importance of the "library" in our school life. The school library plays an important role in our school life. First, they provide a great variety of knowledge to all the schoolmates. We can get most of the information from it during our studying and leisure time. We can borrow a lot of good books and get updated information from the magazines and articles provided by the school library.

Furthermore, the library is also the best place to study. In Ng Wah, the environment of our school library is very comfortable. It is the best place for studying. It also has a lot of good books and wonderful magazines for all the schoolmates to enjoy during recess, lunch hour and after-school. The librarians over there are always very helpful. For me, I usually find myself do not have enough time to read all the books in our school library. But I do enjoy every moment when I stay there. So, my dear schoolmates, please remember to make better use of our school library from today. Thank you.
