

Rainy Days

Good morning, Principal, Vice-principals, teachers and fellow schoolmates.

Today I would like to share with you my feelings about rainy days. To many people, rainy days are annoying. Nobody likes the grey, cloudy and rainy days, not even to mention to walk in such environment. Most people do not like their shoes and clothes get covered in mud. Besides, it is easier to get cold during the rainy days. However, I like rainy days very much. There are many reasons for my choice.

First, during the rainy days, I can bring an umbrella. I like to watch different kinds of umbrellas in the streets. Second, walking in the drizzling rain can be very romantic as well as cool.

Besides, watching raining from inside is quite fine to me. It is also good to see thunder and lightning. When we have rainy days, we do not need to switch on the air-conditioner because the weather will change into cooler and more comfortable. It is a very nice experience to stay in bed with lightning and flashing outside. Do you agree? Thank you.
