

## *My Favourite Cartoon Character*

Good morning Principal, Vice-Principals, teachers and students.

Today I want to talk about a Japanese cartoon character - Masked Rider. He is created by a Japanese animator and first appeared in 1973. His mask is like the head of a dragonfly. His robe is in red and green. His vehicle is a motorcycle. He is very good at martial art.

Ever since I was a child, I like Masked Rider very much. It is because he always fights against crimes and terrorism. His missions are to save people and to uphold justice and peace in the world. I think we should all learn from him.

This is the end of my sharing. Thank you!
