

Good morning Principal, Vice Principals, teachers and schoolmates. I am Anson Lam Ching Wang from 6A. Today, I am going to share with you a book called 'The Minds of Billy Milligan'.

This book is about the life of the main character Billy Milligan, who suffers from Dissociative Identity Disorder. One day, Billy was arrested by the police as a suspect during a murder enquiry; but Billy did not know anything about the incident. The book is about the process of finding out the truth and about Billy's medical treatment for his mental disorder.

I chose to share this book with because I want every one of us to be a strong-willed, just like Billy. Although Billy's treatment was very hard, he did not give up. Each time Billy split and combined his personalities he experienced terrible difficulties yet, he was determined to overcome his problems.

In our daily lives, we often allow ourselves to be defeated by problems. We give up easily when facing challenges. Someone like Billy Milligan could be a role model for us in times of difficulty. When facing challenges, we should be brave and persist until we overcome our problems and become the person we really want to be.

I hope you will enjoy reading 'The Minds of Billy Milligan'. This is the end of my sharing, thank you for your attention.
