

## Aesop's Fables

Good morning everyone. Today I would like to talk about *Aesop's Fables*. It is a collection of fables written by Aesop. He is a storyteller who lived in ancient Greece. The fables were used for the education of children.

One tale is about a boy who always tricks some villagers that the wolves are attacking his sheep. Later when a wolf really comes and the boy again calls for help, the villagers believe that it is false and the wolf eats the sheep. This story teaches us if liars tell the truth, no one believes them.

This is the end of my presentation. Thank you!
