

**Reading is Fun!**

L: Leung Wing Hin

H: Hung Ho Ting

B: Both

B: Good morning Principal, Vice-Principals, Teachers and fellow school mates

L: I am Leo from S6B

H: I am Anson and also from S6B

L: Anson, we are standing here this morning to share with our schoolmates the reason why we should READ.

H: Yes, there are lots of reasons for us to read.

L: Right, first, reading helps us to become an interesting person like how to impress your friends, dates and future in-laws.

H: The second reason to read is that reading helps us to learn how to write correctly and then get good grades in examinations. Besides, for the senior students, if you read more, you can write better which will impress your future boss who'll promote you because you express yourself so well.

L: You are right, Anson. The third reason for us to read is to develop our imagination. Then, we can write nice stories for school, cook up funny ideas for friends, and maybe even earn big bucks writing screen plays for Hollywood one day!

H: That would be marvellous! Actually, reading entertains you. No more long, boring car rides, waits in the dentist's office, or too-long summer holidays when you can't think of anything to do. You can read at any moment.

L: At the same time, reading teaches you about things unfamiliar to you. Write A+ reports for school, impress your friends, and earn big prizes on TV game shows too!

B: Last of all, please remember "Reading is FUN"! Thank you.
